OBJECTIVE

Highly passionate and hardworking computer science graduate seeking a challenging software engineering position to leverage my technical skills and contribute to innovative projects. I aim to utilize and enhance my knowledge for the growth of the organization and to become the best Software Developer I can be.

EDUCATION

| | | |
|-------------------|---|--------------------|
| 12/2020 – 05/2024 | SIDDHARTH INSTITUTE OF ENG. & TECHNOLOGY B.Tech – Computer Science & Information Technology | CGPA – 9.48 |
| 07/2018 – 07/2020 | SRI CHAITANYA JUNIOR COLLEGE MPC | CGPA – 8.9 |
| 03/2017 – 03/2018 | SHANTHI NIKETHAN EM HIGH SCHOOL SSC | CGPA – 9.8 |

SKILLS

| | |
|---------------------------------|--|
| ➤ PROGRAMMING SKILLS | – Java, Python, MySQL, SQLite |
| ➤ WEB DEVELOPMENT SKILLS | – HTML, CSS, JavaScript, React.Js, Node.Js |
| ➤ OS & IDE | – Windows, Linux, VS Code, IDLE Python |
| ➤ EXTRA SKILLS | – Git, Soft Skills |

WORK EXPERIENCE

| | |
|-------------------|---|
| 05/2023 – 09/2023 | MATHWORKS VIRTUAL INTERNSHIP PROGRAM 'Get Started with Artificial Intelligence (AI)' in collaboration with AICTE. <ul style="list-style-type: none">• Completed 5 self-paced courses covering fundamental AI concepts including deep learning, machine learning, and data analysis using MATLAB.• Engaged in interactive learning modules featuring audio-visual presentations, quizzes, and hands-on exercises to solve real-world AI challenges.• Demonstrated proficiency in designing and executing AI algorithms, enhancing skills in data preprocessing, model training, and performance evaluation.• Earned an e-certificate upon successful completion, validating competence in AI and enhancing credibility for future career opportunities. |
| 08/2022 – 10/2022 | YOUNGMINDS TECHNOLOGY SOLUTIONS PVT. LTD. As a Python Intern, <ul style="list-style-type: none">• Implemented Python scripts for various tasks including data manipulation, automation, and basic software development.• Worked collaboratively with team members, engaging in tasks like debugging code and optimizing script performance.• Demonstrated proficiency in fundamental Python concepts such as variables, loops, functions, and conditional statements.• Developed skills in problem-solving and algorithmic thinking through hands-on coding exercises and project work. |

PROJECTS

➤ PERSONAL PORTFOLIO WEBSITE

- **Description:** Designed and developed a personal portfolio website to showcase my skills, projects, and achievements.
- **Technologies Used:** React JS, CSS, JSX
- **Key Features:**
 - Implemented a responsive and user-friendly design.
 - Create interactive and dynamic components using React.
 - Structured content with JSX and styled with CSS.
 - Showcases projects, skills, and achievements.
- **Status:** Currently in development and not yet hosted.

➤ VALUEVUE WEBSITE

- **Description:** ValueVue addresses the challenges traditional stores face from e-commerce giants by integrating local businesses into the digital sphere. Developed as part of my B.Tech final year project, it aims to enhance the retail experience for both customers and retailers.
- **Technologies Used:** MERN Stack (MongoDB, Express.js, React.js, Node.js)
- **Key Features:**
 - Implemented a responsive and user-friendly design.
 - Created interactive components with React.
 - Developed a robust backend with Node.js and Express.js for real-time updates.
 - Efficient data handling with MongoDB.
 - Ensured secure user data with authentication and authorization.
 - Enabled customers to find nearby stores with price and proximity filters.
 - Empowered retailers to showcase products and drive foot traffic.
- **Status:** Currently in development and not yet hosted.

CERTIFICATIONS

- Certified for the completion of “Programming Foundations: Fundamentals” and “Programming Foundations: Beyond the Fundamentals” courses in Linkedin Learning.
- Certified for the completion of “Introduction to Artificial Intelligence” course in Linkedin Learning
- Certified for the completion of courses on “Generative AI” related in Linkedin Learning.
- Qualified and Certified with “ELITE + SILVER Medal” Rank in the NPTEL Course “Introduction to Internet Of Things” by IIT Kharagpur.
- Certified for Employability Skills Program-Advanced from APSCHE.
- Certified for the workshops performed on Photoshop, Animation Design and App Design for Android at Siddarath Institutions, Puttur.

ACHIEVEMENTS

- Achieved the highest academic standing as the CSIT department topper for B.Tech 2024, securing a CGPA of 9.48 in B.Tech.
- Led a project independently from conception to execution, coding all components, and secured first place in both the Project Expo and Quest competitions within our department in B.Tech.
